All deliveries will be made F.O.B. to the Distribution and Support Services Center at:

State of New Jersey
Distribution & Support Services
1620 Stuyvesant Ave.
W. Trenton, NJ 08625

Deliver time after receipt of order (ARO) must be no more than **thirty (30) days** and must be shown as days or weeks. Delivery times of more than thirty (30) days will not be considered. Bidders must complete the requested delivery section on the Signatory Page and on the pricing sheets included with this RFP. Delivery times shown as "at once" or "as requested" will not be considered.

Quantities shown on the pricing sheets are estimates only based on past usage for six (6) months and are for informational purposes only. The State of New Jersey shall not be bound to any minimum or maximum total amount of product purchased from the contract(s) awarded as a result of this solicitation. The State will be obligated only for the quantities on purchase orders issued as a result of this contract.

3.1.1 REQUIREMENTS

If applicable, USDA inspection, grading, certification, and case stamping is required and must accompany each delivery as indicated in each line item description on the price lines.

The contractor shall provide, for each delivery, a packing slip showing the items being delivered and the assigned purchase order number. When a contractor delivers to DSS, it shall obtain proof of delivery signed by an authorized employee of the receiving unit. This proof of delivery must accompany the contractor's invoice submitted for payment.

Prices submitted shall be net, FOB Destination and be subject to no increase during the period of the contract. Escalation clauses are not acceptable.

All products are to be packaged in sizes as specified in this RFP and shall be packaged in such a manner as to insure delivery in first class condition and properly marked for identification. All shipments must be comprised of original cartons associated with the commercial industry represented by the actual product contained within each carton. All deliveries containing re-used, re-labeled, re-worked or alternate cartons are subject to rejection by DSS at the contractor's expense.

All products are subject to final acceptance at point of delivery. Rejected shipments are the responsibility of the contractor and must be removed from DSS's premises at contractor expense.

All items will be ordered by DSS. Purchase orders issued by DSS will establish delivery dates which will allow vendors a maximum of their submitted ARO (after receiving order) to make delivery. Contractors will receive Purchase Orders from and submit invoices for payment to DSS for all purchase deliveries from these contracts.

Contractor carrier personnel shall be subject to and shall comply with all security regulations and procedures for DSS.

Any substitution must be approved by DSS in writing prior to any delivery attempt. Any non-approved substitutions will be rejected upon delivery at the contractor's expense.

Bidders must indicate packaging where requested in bid line item descriptions. Deliveries must be made in packaging as awarded and may not be substituted without prior approval by DSS.

If deliveries cannot be affected within the stated time after receipt of order, DSS shall be advised immediately to permit purchase from another source. There will be no backordering, except upon specific approval from the DSS.

Brands/Mfg. delivered must be strictly in accordance with those bid upon and awarded.

3.1.2 FROZEN FOOD PRODUCTS

In addition to the above requirements, all frozen products shall be in a wholesome and sanitary condition with all cartons sealed at top and bottom and in sound condition at the time of delivery. Packaging must be in accordance with good commercial practices in order to protect the quality of the product and prevent freezer burn or dehydration. Shipments shall be made in mechanically refrigerated trucks with refrigeration unit operational and interior of the unit at 0 degrees Fahrenheit or below.

3.1.3 CERTIFICATION

For all shipments (canned, dry, or frozen) where a certificate (U.S.D.A.- U.S.D.C) is required, the certificate must arrive with the shipment or be in the possession of DSS prior to delivery date. Official USDA Roll Stamping is also required on all shipments that require a USDA certificate. If the shipment arrives without the certificate, the shipment may be accepted, provided that the cases are officially stamped or rolled. This shipment will be placed "on hold" pending receipt of the certificate. Failure to provide the certificate within five (5) working days will result in the conditional acceptance being revoked and storage charges being assessed starting on the sixth (6) working day and continuing until the shipment is removed. Cash discount terms will be predicated on the date the delayed certification is received. All costs of inspection and certification will be paid by the contractor.

Contractors awarded items which require USDA inspection and certification must forward copies of all specifications, terms and conditions and item descriptions from the original specifications to the entity which is preparing the item for inspection, certification and delivery. Failure to forward this information will delay USDA certification and in turn delay delivery to DSS.

Products offered are to be in accordance with specifications and general requirements contained in this RFP. When Qualified Products List (QPL) is used, bidders may bid only the qualified brands or their bid proposal will not be considered. Other brands may be considered for future bids only, upon testing and acceptance by DSS. DSS Quality Assurance Unit will perform all Qualified Products List (QPL) testing and evaluation.

If the specifications permit "or approved equal" or a QPL list is not used, samples must be submitted within five (5) working days after written request by the State.

3.1.4 UNLOADING TIME LIMIT

Once started, the unloading process may not extend beyond a four (4) hour time period due to palletization, re-palletization or re-working of pallets for removal of damaged goods. Partial acceptance or partial rejection may result after stated four (4) hour unloading period has expired.

Items must be stacked on 48" x 40" four-(4) way grocery pallets before delivery will be accepted at DSS. Items that are floor loaded upon delivery must be transferred to 48" x 40" four-(4) way grocery pallet by the carrier truck driver before delivery will be accepted. Items that are delivered on other than 48" x 40" four-(4) way grocery pallets must be transferred to acceptable pallets by carrier truck driver before delivery is accepted. Pallet exchange is available. Segregation of product is required. Palletization or re-palletization shall be the sole responsibility of the delivering carrier, and no additional charges will be paid by DSS for this procedure. Palletized loads must be built as close to the maximum 51 inches for frozen product and 65 inches for non-frozen products without going over. Loads that do not conform to this requirement must be broken down, added to, or re-palletized as necessary before delivery can be accepted. Standards for height & block patterns can be obtained by calling DSS prior to delivery.

Cases other than 6/#10 cans must be configured with an interlocking block pattern which must be consistent throughout the load for like items. Stretch wrapping or taping is required for all palletized loads.

Closing Time: The DSS receiving unit closes at 3:00 p.m. daily. All deliveries must be completed by 3:00 p.m. Trucks attempting to deliver goods near 3:00 p.m. may be rejected if load cannot be completely unloaded by 3:00 p.m.

3.1.5 SPECIAL INSTRUCTIONS

From time to time, DSS may issue special shipping instructions to contractors which will supersede the basic requirements listed above. These special instructions will be relayed to the contractor at the time that order is place and may affect block patterns of carton markings.

3.1.6 CARTON (CASE) MARKING REQUIREMENT

Shipping cartons shall be marked in accordance with Federal Standard No. 123F as amended, and as modified by these terms and conditions.

All cartons must be plainly marked on any two sides, so that palletized cartons can be easily identified. As a minimum the following must be included:

Contents (item description)

State contract number

Cartons must comply with this requirement at time of delivery. No post delivery marking of cartons will be permitted at DSS.

3.1.7 COMBINED / LATE / DAMAGED DELIVERIES

Contractors are not to combine deliveries of items with various scheduled delivery dates, unless authorized by DSS.

Contractors who combine shipments without proper authorization, if accepted, will be assessed the difference in freight charges between separate shipments and combined shipments.

Any monies due the State will be deducted from the contractor's payment.

This request for bid proposal/contract involves items which are necessary for the continuation of ongoing critical state services. Any delay in delivery of these items would disrupt State services

and would force the state immediately to seek alternative sources of supply on an emergency basis. Timely delivery is therefore critical to meeting the State's needs.

If there have been any late delivery complaints against your firm within the last calendar year, the bidder may be required to submit a letter with your bid documenting the steps you have taken to improve your deliveries on future contracts.

If the bidder fails to document these corrective steps, or if the proposed corrective steps are deemed unsatisfactory, the submitted bid may be considered non-responsive and may be rejected.

Specific delivery dates will no longer be indicated for each line item. When the actual purchase order is issued the specific delivery date(s) will be given.

If circumstances beyond the control of the contractor may possibly result in a late delivery, it is the responsibility of the contractor to immediately make the details known to DSS in writing: DSS, P.O. Box 234, West Trenton, New Jersey 08625; Fax: (609) 530-4582. DSS reserves the right to cancel all or part of any such order and purchase the item or items elsewhere, charging any price increase to the contractor.

Damaged Goods Upon Delivery: shipments containing damaged goods may be either partially accepted by DSS (with damaged goods rejected) or totally rejected depending on the severity of the damage. The carrier truck driver will bear sole responsibility for any "re-working" of palletized damaged goods for the removal of any damaged goods from acceptable goods. The State will not be responsible for any additional costs associated with this procedure. This will apply to all carriers and all deliveries. It is the responsibility of the contractor to communicate these requirements to the carriers it employs for deliveries to DSS.

3.1.8 CONTRACTOR RESPONSIBILITY

It is the responsibility of the contractor to forward copies of specifications, terms & conditions and item descriptions for all awarded items to any packer, manufacturer or USDA/FDA inspectors. Failure to provide proper specifications, T & C's and descriptions by any distributor under contract may result in the rejection of unacceptable product at their expense.

If the information is not supplied with the bid proposal, the State may still require the bidder to submit it. If the bidder fails to comply with the request within seven (7) business days, the State may deem the proposal non-responsive.

The bidder may designate specific financial information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. The bidder may submit specific financial documents in a separate, sealed package clearly marked "Confidential-Financial Information" along with its Bid Proposal.

The State reserves the right to make the determination whether to accept the bidder's assertion of confidentiality and will advise the bidder accordingly.

4.4.6 PRICING

The bidder must submit its pricing using the format set forth in the State supplied price sheet(s) attached to this RFP. Failure to submit all information required will result in the bid being considered non-responsive.

Each bidder is required to hold its prices firm for a period of sixty (60) days. Every effort will be made to award the contract prior to the time period set forth above.

4.4.7 METHOD OF BIDDING AND PRICE SHEETING INSTRUCTIONS

The bidder may submit pricing for any one or more of the pricing lines and does not have to bid all pricing lines.

5.0 SPECIAL CONTRACTUAL TERMS AND CONDITIONS

5.1 PRECEDENCE OF SPECIAL CONTRACTUAL TERMS AND CONDITIONS

The contract awarded as a result of this RFP shall consist of this RFP, addendum to this RFP, the contractor's bid proposal and the Division's Notice of Award.

Unless specifically stated within this RFP, the Special Contractual Terms and Conditions of the RFP take precedence over the NJ Standard Terms and Conditions version 05 09 06 located on the Advertised Solicitation, Current Bid Opportunities webpage:

<http://www.state.nj.us/treasury/purchase/bid/summary/07x38904.shtml>.

In the event of a conflict between the provisions of this RFP, including the Special Contractual Terms and the NJ Standard Terms and Conditions version 05 09 06, and any Addendum to this RFP, the Addendum shall govern.

In the event of a conflict between the provisions of this RFP, including any Addendum to this RFP, and the bidder's bid proposal, the RFP and/or the Addendum shall govern.

5.2 CONTRACT TERM AND EXTENSION OPTION

The term of the contract shall be for a period of **six (6) months**. The anticipated "Contract Effective Date" is provided on the signatory page of this RFP:

<http://www.state.nj.us/treasury/purchase/bid/summary/07x38904.shtml>. If delays in the procurement process result in a change to the anticipated Contract Effective Date, the bidder agrees to accept a contract for the full term of the contract. The contract may be extended for all or part of **two (2) six month periods**, by the mutual written consent of the contractor and the Director. **Purchase orders may be placed against the contract up to and including the end of business on the last day of the contract, for delivery no more than 45 days after contract expiration.**

5.3 CONTRACT TRANSITION

In the event that a new contract has not been awarded prior to the contract expiration date, as may be extended herein, it shall be incumbent upon the contractor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than **ninety (90) days** beyond the expiration date of the contract.

5.4 CONTRACT AMENDMENT

Any changes or modifications to the terms of the contract shall be valid only when they have been reduced to writing and signed by the contractor and the Director.

5.5 CONTRACTOR'S WARRANTY

- a) The Contractor is responsible for the quality, technical accuracy, timely completion and delivery of all deliverables and other services to be furnished by the Contractor under the Contract. The Contractor agrees to perform in a good, skillful and timely manner all services set forth in the Contract.
- b) The Contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its services and deliverables furnished under the Contract. The approval of interim deliverables furnished under the Contract shall not in any way relieve the Contractor of fulfilling all of its obligations under the Contract. The

acceptance or payment for any of the services rendered under the Contract shall not be construed as a waiver by the State or Agency, of any rights under the agreement or of any cause of action arising out of the Contractor's performance of the Contract.

- c) The acceptance of, approval of or payment for any of the services performed by the Contractor under the Contract shall not constitute a release or waiver of any claim the State or Agency, has or may have for latent defects or errors or other breaches of warranty or negligence.

5.6 ITEMS ORDERED AND DELIVERED

DSS is authorized to order and **the contractor/contractors is/are** authorized to ship only those items covered by the contracts resulting from this RFP. If a review of orders placed by DSS reveals that material other than that covered by the contract has been ordered and delivered, such delivery shall be a violation of the terms of the contract and may be considered by the Director as a basis to terminate the contract and/or as a basis not to award the contractor a subsequent contract. The Director may take such steps as are necessary to have the items returned by DSS, regardless of the time between the date of delivery and discovery of the violation. In such event, the contractor shall reimburse the State the full purchase price.

The contract involves items which are necessary for the continuation of ongoing critical State services. Any delay in delivery of these items would disrupt State services and would force the State to immediately seek alternative sources of supply on an emergency basis. Timely delivery is critical to meeting the State's ongoing needs.

5.7 REMEDIES FOR FAILURE TO COMPLY WITH MATERIAL CONTRACT REQUIREMENTS

In the event that the contractor fails to comply with any material contract requirements, the Director may take steps to terminate the contract in accordance with the State administrative code and/or authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the State by the defaulting contractor.

5.8 MANUFACTURING/PACKAGING REQUIREMENTS

5.8.1 All products must conform in every respect to the standards and regulations established by Federal and New Jersey State laws.

5.8.2 All products shall be manufactured and packaged under modern sanitary conditions in accordance with federal and state law and standard industry practice.

5.8.3 All products are to be packaged in sizes as specified in this RFP and shall be packaged in such a manner as to ensure delivery in first class condition and properly marked for identification. All shipments must be comprised of original cartons associated with the commercial industry represented by the actual product contained within each carton. Deliveries containing re-used, re-labeled, re-worked or alternate cartons are subject to rejection by the Using Agency at the contractor's expense.

5.9 CLAIMS

All claims asserted against the State by the contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1.1, et seq., and/or the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

6.0 PROPOSAL EVALUATION

6.1 CONTRACT EVALUATION

The following criteria will be used to evaluate all bid proposals that meet the requirements of this RFP. The criteria are not listed in order of importance:

6.1.1 Price

6.1.2 Experience of the bidder

6.1.3 The bidder's past performance under similar contracts, including if applicable, the Division's vendor performance database.

6.2 ORAL PRESENTATION AND/OR CLARIFICATION OF BID PROPOSAL

Prior to contract award and with the exception of scheduling a review of submitted bids, unless requested by the State, contact with the State is limited to status inquiries only and such inquiries are only to be directed to the buyer. Any further contact or information about the proposal with the buyer or any other State official connected with the solicitation will be considered an impermissible supplementation of the bidder's bid proposal.

The bidder may be required to give an oral presentation to the State concerning its bid proposal. The State may also require the bidder to submit written responses to questions regarding its bid proposal.

The purpose of such communication with the bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid proposal. Original bid proposals submitted, however, cannot be supplemented, changed, or corrected in any way. No comments regarding other bid proposals are permitted. Bidders may not attend presentations made by their competitors.

It is within the State's discretion whether to require the bidder to give an oral presentation or require the bidder to submit written responses to questions regarding its bid proposal. Action by the State in this regard should not be construed to imply acceptance or rejection of a bid proposal. The Purchase Bureau buyer will be the sole point of contact regarding any request for an oral presentation or clarification.

6.3 BID DISCREPANCIES

In evaluating bids:

- Discrepancies between words and figures will be resolved in favor of words.
- Discrepancies between unit prices and totals of unit prices will be resolved in favor of unit prices.
- Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices.
- Discrepancies between the indicated total of multiplied unit prices and units of work and the actual total will be resolved in favor of the actual total.
- Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the corrected sum of the column of figures.

6.4 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

Following the opening of bid proposals, the State reserves the right, pursuant to N.J.S.A. 52:34-12(f), to negotiate: the technical services offered, the terms and conditions and/or the price of a proposed contract award with any bidder and reserves the right to seek a Best and Final Offer (BAFO) from one or more bidders. In response to the State's request to negotiate, the bidder must continue to satisfy all mandatory RFP requirements but may improve upon their original technical proposal in any revised technical proposal. However, any revised technical proposal that does not continue to satisfy all mandatory requirements will be rejected as non-responsive and the original technical proposal will be used for any further evaluation purposes, in accordance with the following procedure:

The State will conduct an initial review and determine whether and with which bidder(s) it will negotiate, and will communicate its request to each such bidder. In response, the bidder will submit any required revisions to its proposal.

In response to the State's request for a BAFO, the bidder may submit a revised price proposal that is equal to or lower in price than its original submission, but must continue to satisfy all mandatory requirements.

After receipt of the results of the negotiation and/or the BAFO(s), the State will complete its evaluation and recommend to the Director for award that responsible bidder(s) whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for negotiation or BAFO, any revised technical and/or price proposals, the State's evaluation and the Award Recommendation, will remain confidential until an Intent to Award notice is issued.

7.0 CONTRACT AWARD

7.1 DOCUMENTS REQUIRED BEFORE CONTRACT AWARD

7.1.1 REQUIREMENTS OF N.J.S.A. 19:44A-20.13-25 (FORMERLY EXECUTIVE ORDER 134)

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the negotiation and award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, the Legislature enacted N.J.S.A. 19:44A-20.13 – 25 on March 22, 2005 (the "Legislation"), retroactive to October 15, 2004, superseding the terms of Executive Order 134. Pursuant to the requirements of the Legislation, the terms and conditions set forth in this section are material terms of any contract resulting from this RFP:

7.1.1.1 DEFINITIONS

For the purpose of this section, the following shall be defined as follows:

a) Contribution – means a contribution reportable as a recipient under "The New Jersey Campaign Contributions and Expenditures Reporting Act." P.L. 1973, c. 83 (C.19:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Through December 31, 2004, contributions in excess of \$400 during a reporting period were deemed "reportable" under these laws. As of January 1, 2005, that threshold was reduced to contributions in excess of \$300.

b) Business Entity – means any natural or legal person, business corporation, professional services corporation, Limited Liability Company, partnership, limited

partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. The definition of a business entity includes (i) all principals who own or control more than 10 percent of the profits or assets of a business entity or 10 percent of the stock in the case of a business entity that is a corporation for profit, as appropriate; (ii) any subsidiaries directly or indirectly controlled by the business entity; (iii) any political organization organized under section 527 of the Internal Revenue Code that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv) if a business entity is a natural person, that person's spouse or child, residing in the same household.

7.1.1.2 BREACH OF TERMS OF THE LEGISLATION

It shall be a breach of the terms of the contract for the Business Entity to (i) make or solicit a contribution in violation of the Legislation, (ii) knowingly conceal or misrepresent a contribution given or received; (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate or holder of the public office of Governor, or to any State or county party committee; (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of the Legislation; (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employees; (vii) engage in any exchange of contributions to circumvent the intent of the Legislation; or (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of the Legislation.

7.1.1.3 CERTIFICATION AND DISCLOSURE REQUIREMENTS

a) The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall submit the Certification and Disclosure form, certifying that no contributions prohibited by the Legislation have been made by the Business Entity and reporting all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C. 527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the meaning of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134>, shall be provided to the intended awardee for completion and submission to the Purchase Bureau with the Notice of Intent to Award. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Certification and Disclosure(s) within five (5) business days of the State's request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134> , shall be provided to the intended awardee with the Notice of Intent to Award.

7.1.1.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

7.1.1.5 ADDITIONAL DISCLOSURE REQUIREMENT OF P.L. 2005, C. 271

Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to P.L. 2005, c. 271, section 3 if the contractor receives contracts in excess of \$50,000 from a public entity in a calendar year. It is the contractor's responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

7.2 FINAL CONTRACT AWARD

Contract award[s] shall be made on a line item basis with reasonable promptness by written notice to that responsible bidder(s), whose bid proposal(s), conforming to this RFP, is(are) most advantageous to the State, price, and other factors considered. Any or all bid proposals may be rejected when the State Treasurer or the Director determines that it is in the public interest to do so.

7.3 INSURANCE CERTIFICATES

The contractor shall provide the State with current certificates of insurance for all coverages required by the terms of this contract, naming the State as an Additional Insured.

8.0 CONTRACT ADMINISTRATION

8.1 CONTRACT MANAGER

The State Contract Manager is the State employee responsible for the overall management and administration of the contract.

The State Contract Manager for this project will be identified at the time of execution of contract. At that time, the contractor will be provided with the State Contract Manager's name, department, division, agency, address, telephone number, fax phone number, and email address.

8.1.1 STATE CONTRACT MANAGER RESPONSIBILITIES

For an agency contract where only one State office uses the contract, the State Contract Manager will be responsible for engaging the contractor, assuring that Purchase Orders are issued to the contractor, directing the contractor to perform the work of the contract, approving the deliverables

and approving payment vouchers. The State Contract Manager is the person that the contractor will contact **after the contract is executed** for answers to any questions and concerns about any aspect of the contract. The State Contract Manager is responsible for coordinating the use and resolving minor disputes between the contractor and any component part of the State Contract Manager's Department.

If the contract has multiple users, then the State Contract Manager shall be the central coordinator of the use of the contract for all Using Agencies, while other State employees engage and pay the contractor. All persons and agencies that use the contract must notify and coordinate the use of the contract with the State Contract Manager.

8.1.2 COORDINATION WITH THE STATE CONTRACT MANAGER

Any contract user that is unable to resolve disputes with a contractor shall refer those disputes to the State Contract Manager for resolution. Any questions related to performance of the work of the contract by contract users shall be directed to the State Contract Manager. The contractor may contact the State Contract Manager if the contractor can not resolve a dispute with contract users.
